# SIGMA<sup>®</sup> UNIVERSITY

## About Sigma University

Sigma University has consistently been a pioneer in career-oriented education, applied research, and industry-linked innovation.

The University focuses on nurturing ideas, talent, and enterprises that create real-world economic and social impact. With strong engagement across engineering, management, health sciences, and applied innovation, Sigma University actively collaborates with industry, government, and ecosystem partners to ensure that learning and research translate into execution and value creation.

SIGMA ENTREPRENEURSHIP  
DEVELOPMENT & INCUBATION CENTER

SEDIC is Sigma University's innovation to impact focused incubator, established to convert regional MSME and social challenges into execution-ready startup solutions.

Potential Investment Commitments

**26+**

Grants / Cheques Announced

**20+**

Mentoring & Expert Sessions

**20+**

Startups Exhibited

**NOVA**  
PITCH. DEAL. DONE. **2.0**

*Sigma has always been focused on nurturing ideas that create real impact.*

*NOVA was conceived with a simple belief — innovation must lead to execution.*

*NOVA 2.0 is our effort to bring serious MSMEs, startups, CSR bodies, and investors together on one platform where decisions are taken, pilots are launched, and impact begins.*

***I invite you as decision-makers, thought leaders, and changemakers who believe that innovation should result in real pilots, real deployments, and real value creation.***

**Dr. Harsh Shah**  
President, Sigma University
