SIGMA[®]
UNIVERSITY

ज्ञानं परम् शक्तिः

The word Sigma stands for Summation. Summation of knowledge, development, expertise, and quality. We aim to educate and train students in various fields to become valuable citizens who serve the nation. Our curriculum is designed such that our students gain practical knowledge, who hands-on experience, industry exposure and paid internships. Established in 2003, Sigma University has educated more than 10,000 students and expanded courses that are relevant in the current times.

Vision

Be a university of global excellence, encompassing an inclusive learning ecosystem that empowers individuals to become socially responsible global citizens.

Mission

To be at the forefront of knowledge's ever-expanding frontiers by providing interdisciplinary education through a well-designed and integrated curriculum.

To create a good learning environment with state-of-the-art infrastructure, and energized work ethics that enables students to achieve a higher level of learning through continuous improvement, thereby facilitating the development of character, virtues, values, and technical skills.

Forming collaborations with other Higher Education Institutes (HEIs) and research organizations to foster entrepreneurship, research, and innovation.

We value and respect each student as a unique individual, recognize their potential, and ensure they receive the best exposure and training to enable them to achieve their career and life goals.

At Sigma University, we are continuously building a space where learning, growth, and community come together with purpose. Every day, we are witnessing the dedication of our faculty, the enthusiasm of our students, and the silent support of our staff and well-wishers who make this journey meaningful. We are not only focusing on academic excellence but also nurturing values that shape responsible individuals. The efforts of our alumni and partners are further strengthening our vision of an inclusive and future-ready education ecosystem. As we move forward, we remain grounded in our belief that progress is a shared effort. It is heartening to see how each member of the Sigma family is playing a role in shaping this journey. Together, we are not just running a university—we are creating a legacy of learning, resilience, and hope for the generations to come.

Together, we create legacy of learning, resilience, and hope for the generations to come.

Shri Shaileshbhai Shah
Patron, Sigma University

It is a matter of great pride to see Sigma University's remarkable progress over the past year. As Vice Patron, I'm grateful to witness our journey of excellence, innovation, and service. Thanks to the dedication of our faculty, staff, students, alumni, and partners, Sigma continues to grow as a center of learning and transformation. Our students have brought us immense pride, and our collective efforts have built a strong, future-focused institution. Let us move ahead with purpose, unity, and a shared vision to make Sigma University a symbol of progress and positive change. Together, let us embrace innovation, empower young minds, and inspire lasting impact. The road ahead is full of opportunity—and we are ready to lead. My heartfelt gratitude to all who make Sigma University a place of purpose and pride.

Smt. Jyotsnaben Shah
Vice Patron, Sigma University

Dr. Harsh Shah
President,
Sigma University

Message from the President

At Sigma, we believe that every student has the potential.

I do what I expect others to do

“As the President of Sigma University, I am grateful for the opportunity to lead such a vibrant and dedicated community of students, faculty, and staff. Our institution's success is a testament to the collective efforts and commitment of everyone who calls Sigma University home. At the heart of our institution lies a genuine care for the student community. Recognizing that students are the lifeblood of any academic institution, we have actively engaged in initiatives aimed at enhancing their academic experience and personal growth. Our approach goes beyond administrative duties; we strive to create a supportive environment conducive to learning and holistic development, where each student feels valued and empowered to reach their full potential. By implementing progressive policies and fostering an inclusive academic culture, we have set the stage for a dynamic and thriving educational environment. We continuously seek ways to better the university, exploring avenues for improvement and innovation. Whether it's through curriculum enhancements, infrastructure development, or fostering research opportunities, our collective efforts are felt across every facet of Sigma University. As we look to the future, we are excited to continue cultivating an environment that empowers students to grow, innovate, and make a meaningful impact in the world. We believe that our students are the architects of their own academic journeys, and we are honoured to be a part of their journey. Together, we will continue to foster a culture of excellence, innovation, and inclusivity that prepares our students for success in all aspects of life. It is through our collective efforts that we have achieved greatness, and it is through our continued collaboration that we will reach even greater heights.”

A black and white portrait of Dr. Shreya Shah, a woman with long dark hair, wearing a dark blazer over a dark top. She is smiling and has her hands clasped in front of her. A purple circular graphic element is partially visible behind her head and shoulders.

Dr. Shreya Shah

Vice President,
Sigma University

Message from the Vice President

“Behind every successful woman entrepreneur is herself—and often, a mother who dares to dream not just for her children, but for the world.”

“As a mother and the Vice President of Sigma University, I find a beautiful intersection between my two most cherished roles—nurturing futures. Whether at home or within the campus walls, my aspirations remain the same: to provide an environment where young minds are inspired, challenged, and deeply cared for. My journey has always been guided by the belief that every student deserves the same opportunities, safety, and encouragement that I would want for my own child. This philosophy drives my commitment to ensure that Sigma University is not just a place of academic excellence, but a space where students feel empowered, heard, and equipped for life. From developing cutting-edge workshops to introducing advanced sports facilities, and from creating inclusive learning spaces to encouraging entrepreneurship—especially among young women—I strive to build an ecosystem that celebrates innovation, resilience, and growth. My dedication also extends to our associated schools, where I continue to invest time and energy to uplift the foundational years of education. Because at Sigma, we believe that shaping tomorrow begins today—with every thoughtful decision, every spark of creativity, and every student who walks through our doors

Our support drives your growth, and your growth defines our success.

Dr. Jigar Patel
Managing Director,
Sigma University

At Sigma University, we don't just adapt to change—we lead it. Our growth reflects a strong commitment to academic excellence, innovation, and impactful education. By expanding programs, enhancing infrastructure, and strengthening industry and research connections, we are building a future-focused institution. Our goal is to empower students to become confident, capable leaders through quality teaching, technology integration, and real-world learning. With a clear vision and dedicated community, we are steadily progressing toward becoming a benchmark in holistic education.

The function of leadership is to produce more leaders, not more followers.

Elite Collaboration Programmes »

RULE THE WORLD OF ANIMATION VFX & GAMING

Elite Collaboration Programmes

Our Freebird Animation collaboration allows you to dive into animation, VFX, gaming, and UX design with a curriculum shaped by industry pros. Learn in state-of-the-art VFX & UX labs, animation studios, and prototyping spaces. Work on real-world projects—like VFX for Bahubali, educational content for BYJU'S, MPL sports animations, and hit web series like Bal Ganesha. Our students also contribute to YouTube channels with millions of subscribers and animate Sudha Murty's stories. Graduate with hands-on experience, a killer portfolio, and the confidence to shine in the creative industry. Your journey starts here!

In partnership with the Jindal School of Hotel Management, Sigma University offers an industry-focused program combining theory with hands-on training. Students gain real-world experience through internships, live projects, and cutting-edge hospitality practices—preparing them for successful careers and leadership roles in the hospitality industry.

Facilities:
In-house Restaurant | 3 Kitchen Setups | Hotel Room Setup | Aircraft Mock-up | Bar Counter | Digital Library

The partnership with Fairmate Group of Companies provides students with real industry exposure. Through this partnership, students get hands-on experience in sponsored research labs, opportunities for internships, and specialized certifications in industrial flooring, repair, waterproofing, and coating. Students also learn directly from industry experts through guest lectures and workshops and gain practical skills that boost their career prospects in the construction and engineering fields!

In collaboration with Zydex Industries, Sigma offers BTech and MTech programs specializing in construction technology (chemicals & paints). Students receive hands-on training, internships, and a monthly stipend (₹10,000 for BTech, ₹12,000 for MTech). Admission is via entrance exam and interview. Successful graduates receive job offers from Zydex with packages starting at ₹3 LPA (BTech) and ₹3.5 LPA (Mtech).

Sigma University, in collaboration with VFS Global, a world leader in visa and travel services, has launched specialized academic programs in Travel, Tourism, and Hospitality Management, under bachelor's and master's degrees. These programs blend classroom learning with hands-on paid internships, giving students valuable industry experience and global exposure. With direct access to leading travel and hospitality brands, students will benefit from practical training, career support, and placement assistance.

Events That Help You Grow

Who says events are just about fun? On our campus, every event is a chance to level up. Whether it's public speaking, showcasing your innovations, learning from industry leaders, or building your network for placements and future opportunities, we've got you covered. Discover your strengths, boost your confidence, and connect with the best in the business. At Sigma, you don't just attend, you participate, grow, and get ready to shine in the real world.

BATTLE OF BRAINS BEGINS HERE

Sigma University is broadening its collaborations with both industry partners and academic institutions. Partnerships with industries provide students with practical training, hands-on experience, and valuable exposure to real-world work environments. Meanwhile, collaborations with other universities offer enriched learning opportunities, foster networking with peers from diverse cultural backgrounds, and immerse students in dynamic new academic settings.

“ Sahi Career ke liye Sahi Offers ”

Global Study Abroad Programs at Sigma University

Study abroad programs are short-term academic experiences that allow students to continue their education in a different country. Rather than being limited to a traditional classroom, students get to learn, live, and grow in an entirely new environment across destinations like Malaysia, Thailand, South Africa, Australia, Vietnam, Latvia, South Korea, Indonesia, and Russia.

The learning experience goes beyond theory. Students participate in interactive sessions, mini-projects, and group activities led by experienced faculty, researchers, and industry experts. The goal is to make learning practical and engaging something students can actually use, not just memorize.

Living in a new country naturally exposes students to different cultures, traditions, and ways of life. This kind of firsthand experience builds adaptability and a broader worldview that simply cannot be replicated inside a classroom. Over time, students develop cultural awareness and the confidence to navigate unfamiliar situations independently.

Being in an international academic setting also opens the door to meaningful connections. Students interact with peers, professors, and professionals from across the world, building a global network that often extends well beyond the duration of the program.

By the end of the experience, students return not just with academic knowledge, but with greater confidence, stronger communication skills, a global perspective, and practical insights into their field qualities that prepare them for an increasingly interconnected world.

Global **Exposure,**
Limitless **Opportunities**

SCHOLARSHIP PROGRAMS

REWARDING EXCELLENCE

CELEBRATING TALENT

SUPPORTING OUR OWN

Meritorious Scholarship JSSM (Jyotsna Ben Shah Meritorious Scholarship)

This scholarship is awarded to students who score more than 80 percentile/percentage in either their 10th or 12th standard in the current year. They are eligible for up to 100% scholarship. For this, percentile is considered for Gujarat Board and percentage is considered for CBSE Board. Applicable to CBSE and GSEB/GSHEB Board only.

Sports Scholarship SSSS (Shailesh Bhai Shah Sports Scholarship)

This scholarship is offered based on the student's sports certificates. Students can receive up to 100% scholarship for Diploma, Bachelor's, and Master's courses under this scheme.

Alumni Advantage Scholarship Sister Scholarship

This scholarship is provided to students who have recently graduated from Sigma University or any other Sigma school. They are eligible for a 15% scholarship. Currently, all scholarships are applicable on tuition fees only, and are subject to terms and conditions.

SPORTS & PHYSICAL EDUCATION

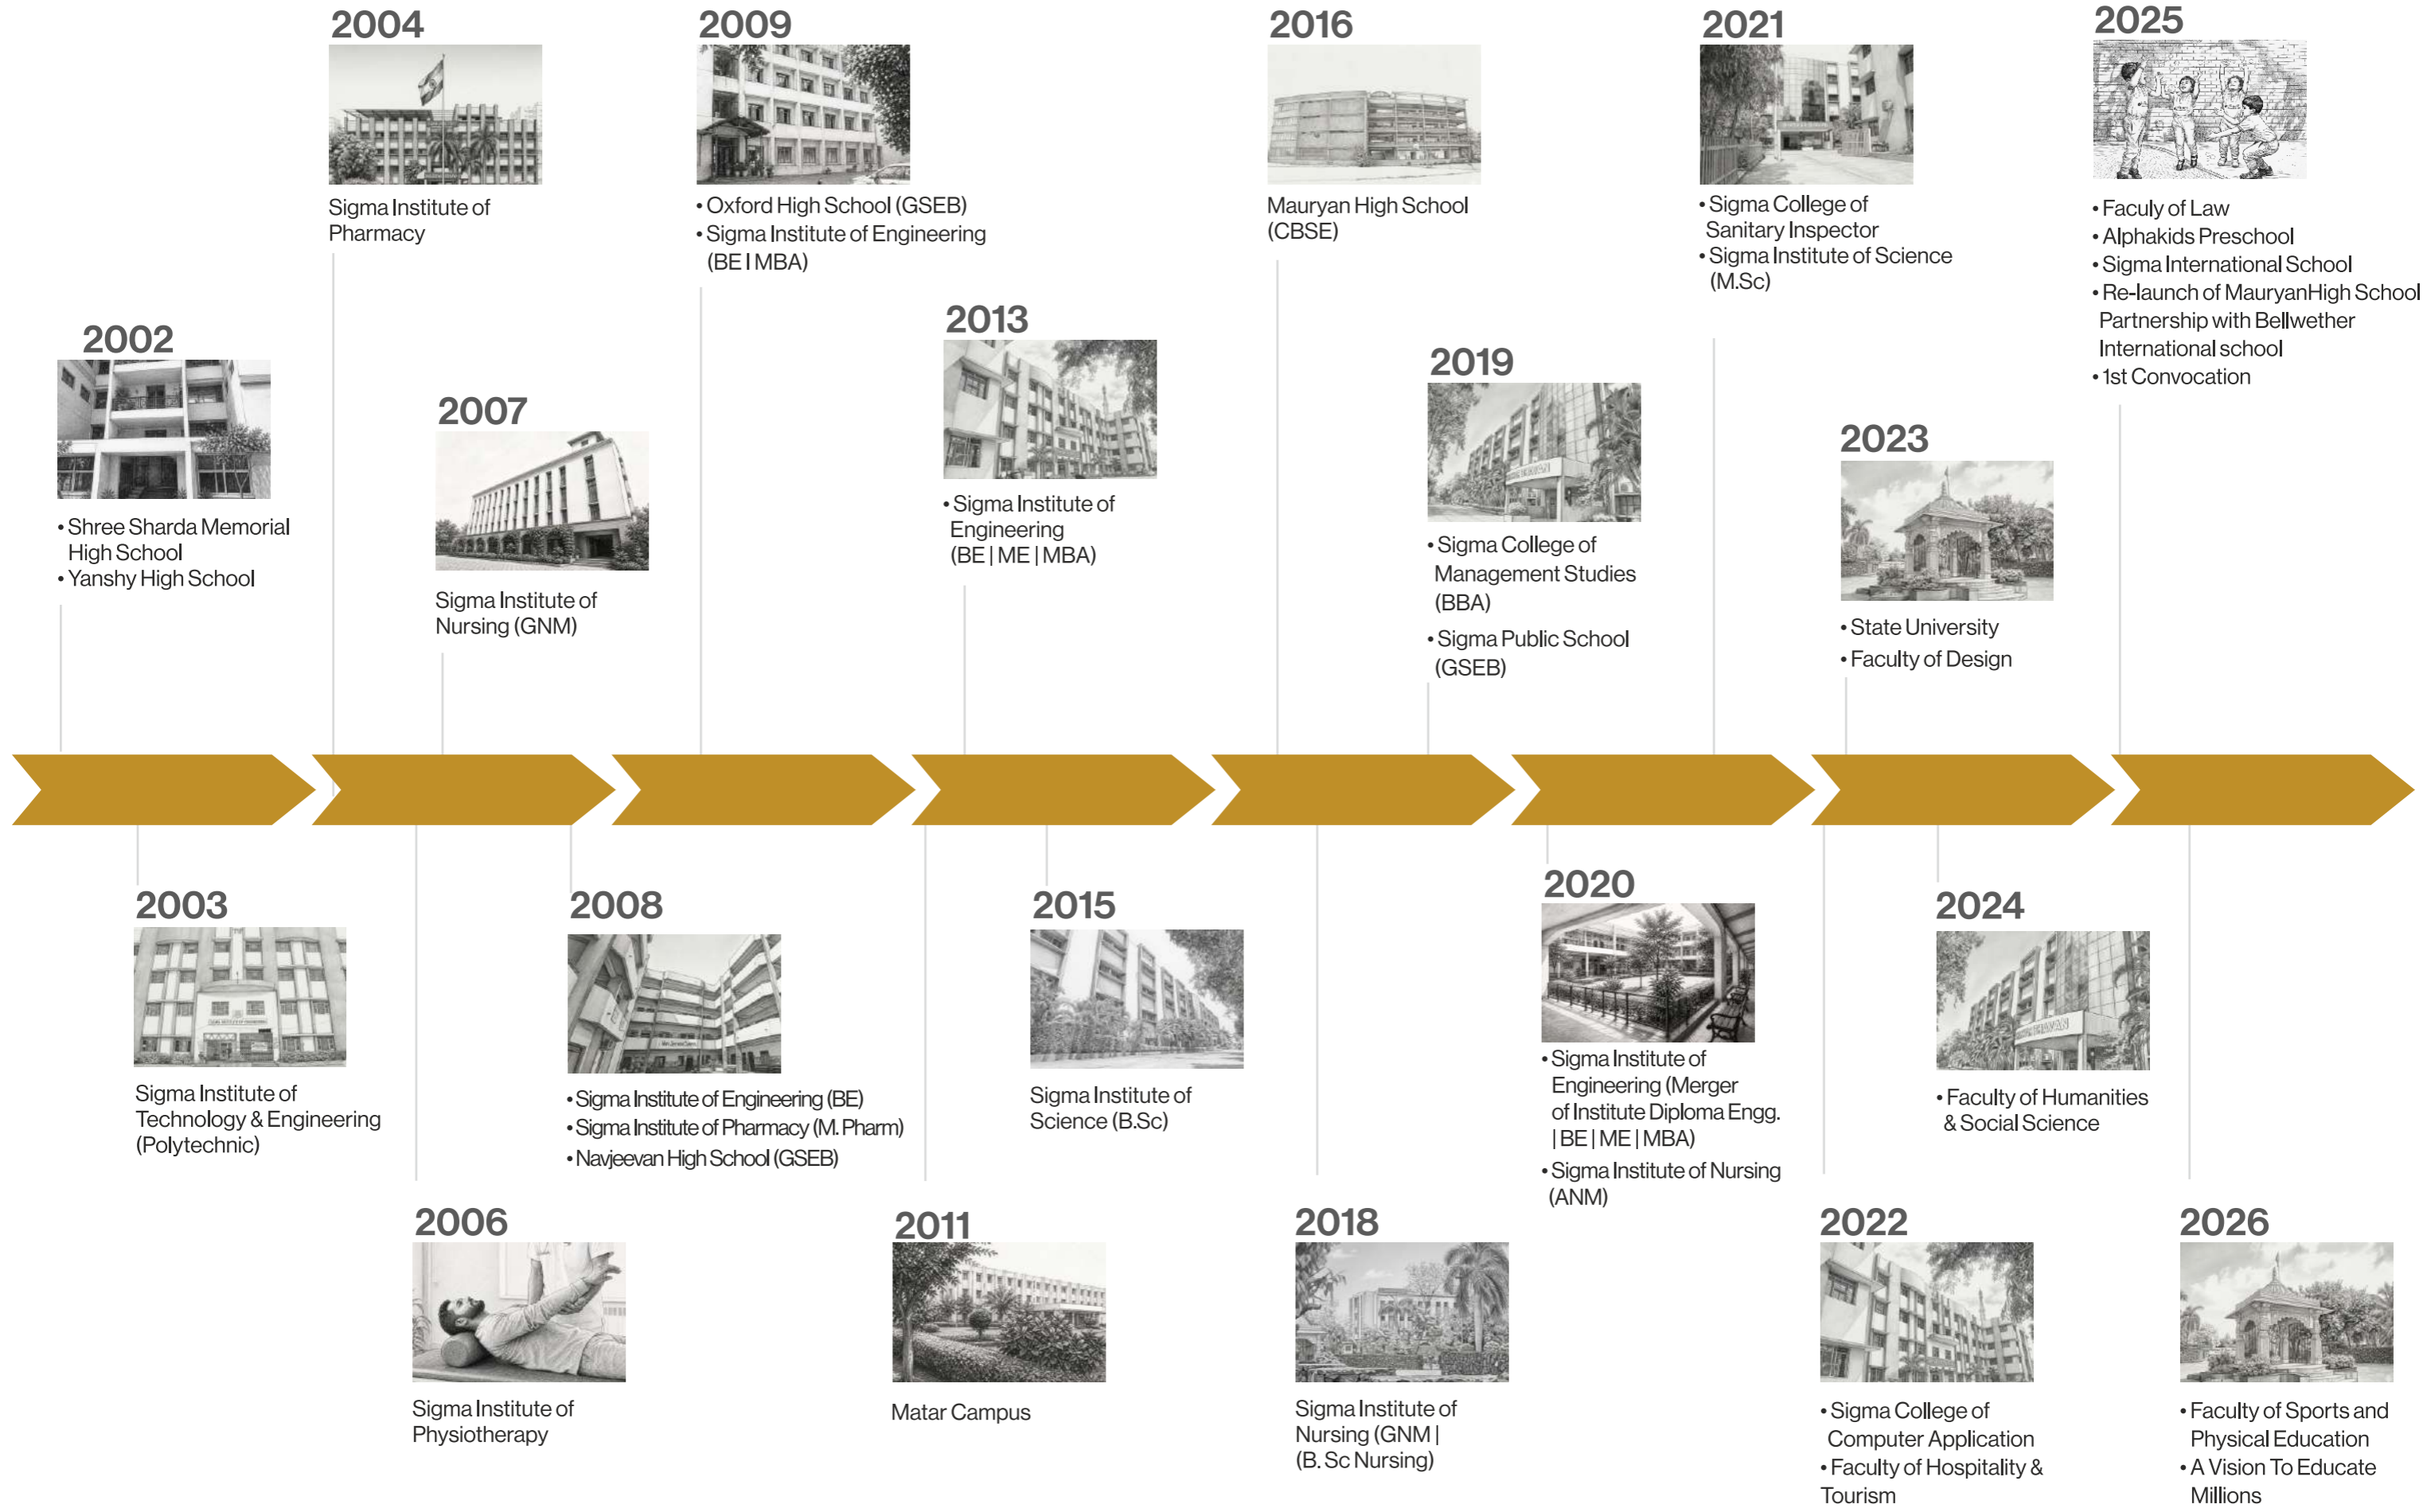

Sigma Sports and Recreation Academy is all about helping students grow not just in studies but also through sports and fitness. Our vision is to build a strong sports culture on campus where every student gets a chance to stay active, learn new skills, and enjoy the spirit of the game. We believe sports teach important life lessons like teamwork, leadership, discipline, and never giving up. Through Sigma Sports and Recreation Academy, our mission is to support students in discovering their strengths, building confidence, and becoming all-rounders—both in the classroom and on the field. Whether you play for fun or dream big in sports, SSRA is here to guide, support, and cheer for you every step of the way.

About Sigma Group

PREMIER RESIDENTIAL LEARNING
Matar, Bharuch | 9227991023

Managed By
Bellwether International School
Mumbai-Based Goanika Group
An Initiative by the Promoters of Sigma University

Sigma International School is a modern residential school focused on all-round development, blending academics, discipline, life skills, and global learning. It nurtures confident, capable, and future-ready individuals in an inspiring environment.

Ajwa-Nimeta Road, Bakrol | 90999 95360

Mauryan High School is a dynamic CBSE institution designed for senior students, focusing on strong academics, practical learning, and values to shape confident, capable, and future-ready individuals.

Alpha Kids International School is a vibrant preschool for junior learners, offering play-based learning, creativity, and emotional development in a joyful environment where young minds explore, grow, and build a strong foundation for their future.

Bagikhana Road | 9909900172

Bagikhana Road | 7778911912

Navjeevan & Oxford High School (Gujarati and English Medium – GSEB) offers education from KG to Grade 12 under the Gujarat State Education Board. With both Gujarati and English mediums, the school makes education accessible to students from different backgrounds. It emphasizes strong subject knowledge, steady academic progress, and value-based learning in a disciplined atmosphere.

Makarapura | 9909976835

Yanshy & Shree Sharda Memorial High School (KG to Std. 12 Commerce – English and Gujarati Medium). This school provides education from kindergarten to higher secondary level with a focus on commerce in senior classes. It builds strong foundations in early years and later guides students towards focused academic streams, preparing them for higher studies and professional careers.

Matar, Bharuch | 9909976835

Ajwa-Nimeta Road, Bakrol
9909941135

Sigma Public Schools, one at Matar & the other at Bakrol, as part of its CSR initiative, focus on education and supports rural communities by offering access to quality education and learning opportunities. Through these schools, Sigma contributes to social development by helping students gain knowledge, confidence, and skills for a better future.
